Background:

JustdiggIt (www.justdiggit.org) is a non-profit organization with a mission to regreen Africa and cool down the planet while creating benefits and opportunities for local communities. Our approach is to inspire and empower millions of subsistence farmers and pastoralists to regreen their land by combining Farmer Managed Natural Regeneration (FMNR, or Kisiki Hai) and water harvesting interventions with good grazing management.

So far, we have regreened over 60,000 hectares and brought back 5 million trees in Kenya and Tanzania. In the next 10 years it is our ultimate goal to reach 350 million farmers and inspire & activate them to restore all degraded land on the African continent. The above mentioned 4WD Landcruiser will be used in range land restoration projects across Kenya.

Interested offerors should indicate their interest in submitting an offer for the anticipated RFQ by sending an email indicating their intention to JDI at eastafricaffinance@justdiggit.org by 5:00 PM (EAT) on 5th January, 2023.
