

WE ARE LOOKING FOR A

# REMOTE SENSING INTERN

Do you enjoy working with remote sensing data for  
landscape restoration?  
Join JustdiggIt in this exciting internship or volunteering position!

**Location:**  
Amsterdam

**Employment type:**  
6 month Internship

**Starting Date:**  
November 2025

## ABOUT JUSTDIGGIT

JustdiggIt is an international non-profit organisation that restores degraded ecosystems in Africa by making dry lands green again with a positive impact on climate, ecosystems, and people.

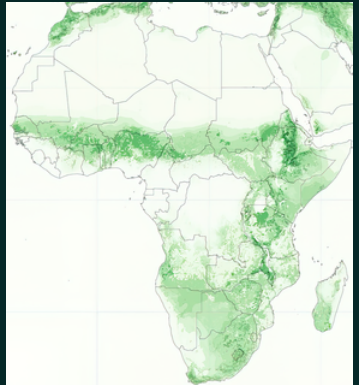

JustdiggIt empowers farmers in Sub-Saharan Africa to restore these landscapes using rainwater harvesting, agroforestry, and climate-resilient agriculture. We are currently active in Kenya, Tanzania, and Senegal, and have offices in Arusha (Tanzania), Nairobi (Kenya), and Amsterdam (Netherlands).

# YOUR ROLE

We are seeking an intern to support our restoration efforts on these 2 topics:

1. **Suitability Maps:** Global maps that identify where restoration measures are most suitable using indicators like slope, climate, and soil type.
2. **Review and analyse remote sensing data and indices** to identify their use for Monitoring, Evaluation and Learning.

And provide hands-on support with other remote sensing, data visualisation and digital/AI work.

# WHAT WE ASK

We seek someone who:

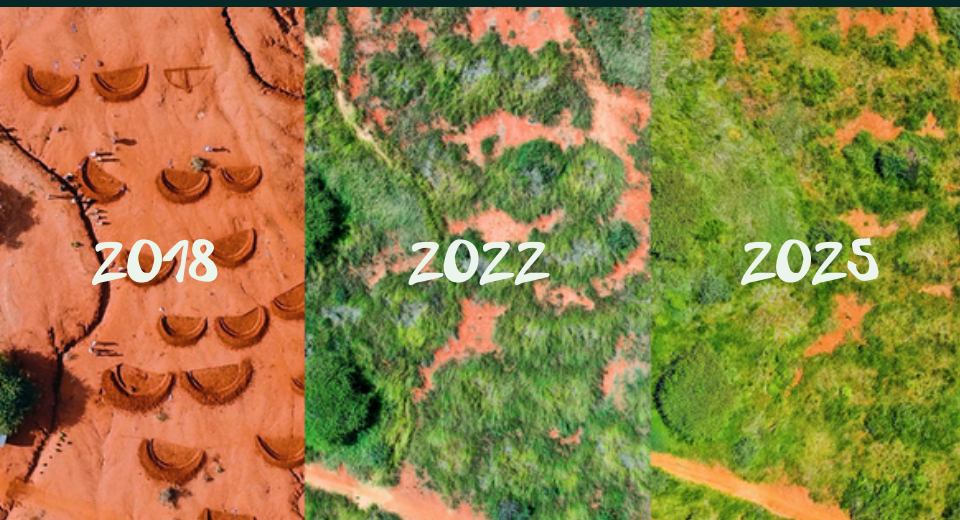

- Has proven experience in Google Earth Engine (javascript).
- Experience with Python and QGIS is preferred.
- Enjoys comparing results with scientific data and indicators.
- Has experience or affinity with landscape restoration (e.g. a student in earth sciences, international land & water management, ecology or environmental sciences).

# WHAT WE OFFER

- Be part of a great mission: regreen our planet!
- Gain practical experience with cutting-edge mapping and monitoring tools.
- Experience working in an international non-profit organisation.
- You'll receive an internship allowance and reimbursement of the costs of your commute.
- You'll work from our office in Amsterdam for at least 1 day per week and partly from home.

# JOIN US IN MAKING A DIFFERENCE

## APPLY NOW

We are committed to building a team that includes and welcomes people of different genders, ethnicities, faiths, sexual orientations, and other diverse backgrounds.

If you believe you are the right person for this role, please send a short email to [vacancies@justdiggit.org](mailto:vacancies@justdiggit.org) before 22 September 2025 with your **CV and a few examples of Earth Engine scripts** that you've created. Please use 'Remote sensing internship application' as your email subject line.
